

BISHOP STANG
HIGH SCHOOL

FULL-TIME POSITION: SCIENCE TEACHER

2025–2026 School Year

Chemistry & Marine Science

POSITION OVERVIEW

Position Type: Full-Time, Benefited

Department: Science

School Year: 2026–2027

Reports To: Science Department Chairperson, Administration

Start Date: August 24, 2026

Contract Length: Full School Year (10 months)

COURSE LOAD

This full-time position carries a five-section teaching load across Chemistry and Marine Science:

Period	Course	Level
1	ACP Chemistry	ACP (Advanced College Prep)
2	ACP Chemistry	ACP (Advanced College Prep)
3	Marine Science	College Prep (CP)
5	CP Chemistry	College Prep (CP)
6	CP Chemistry	College Prep (CP)

Total: 5 teaching sections (2 ACP Chemistry, 1 CP Marine Science, 2 CP Chemistry)

COURSE DESCRIPTIONS

ACP Chemistry (Advanced College Prep)

A rigorous, college-preparatory chemistry course designed for academically advanced students. Topics include atomic structure, chemical bonding, stoichiometry, thermodynamics, kinetics,

and equilibrium. Students develop laboratory skills and scientific reasoning at an accelerated pace.

CP Chemistry (College Prep)

A college-preparatory chemistry course covering foundational topics in matter, energy, the periodic table, chemical reactions, and solutions. Emphasis is placed on laboratory investigation, data analysis, and real-world application of chemical principles.

CP Marine Science (College Prep)

An introductory college-preparatory course exploring marine ecosystems, oceanography, coastal geology, and the biology of marine organisms. Lab work, field investigations, and current environmental topics are central to the curriculum.

RESPONSIBILITIES

- Plan and deliver engaging, standards-aligned instruction for all five sections
- Differentiate instruction to meet the needs of ACP and CP learners
- Design, conduct, and supervise hands-on laboratory activities with proper safety protocols
- Develop and administer assessments; maintain accurate grade records
- Communicate regularly with students, parents, and colleagues
- Participate in department meetings, professional development, and school committees
- Maintain an organized, safe, and welcoming classroom environment
- Collaborate with department chair on curriculum alignment and scope/sequence

QUALIFICATIONS

Required:

- Massachusetts licensure (or eligibility) in Science — Chemistry or General Science
- Bachelor's degree or higher in Chemistry, Marine Science, Biology, or related field
- Demonstrated ability to teach at multiple levels (ACP and CP)
- Experience with laboratory safety and hands-on science instruction

Preferred:

- Prior experience teaching Chemistry and/or Marine Science at the secondary level
- Familiarity with standards-based grading and curriculum mapping
- Experience working with diverse learners in a college-preparatory setting

COMPENSATION & BENEFITS

- Salary commensurate with experience per district collective bargaining agreement
- Full benefits package including health, dental, and vision insurance
- Retirement plan (MTRS)
- Professional development funding and support
- Paid personal, sick, and bereavement leave

HOW TO APPLY

Interested candidates should submit the following materials:

- Letter of interest addressed to the Science Department Hiring Committee
- Current résumé or curriculum vitae
- Copy of Massachusetts teaching license (or proof of eligibility)
- Three professional references (names, titles, phone, and email)

Applications are reviewed on a rolling basis. Position open until filled.

We are an equal opportunity employer committed to diversity and inclusion in our school community.
